Made in Saint-Eustache, Québec

## Emu Dundee

### *Our History*

**Established in 1997** by Jocelyne Brisson and Gabriel Melançon, **Emu Dundee** is the fruit of its founders' shared passion for two things: emu breeding and natural health-care

products. In fact, **in 1988**, Jocelyne was the **first woman** to import and breed these exotic birds in Quebec. Her determination and courage, coupled with Gabriel's keen business savvy, set them on a course to develop their dynamic company in a **sustainable** way.

A forerunner in the area natural health products and dermocosmetics, Emu Dundee has incorporated the benefits of emu oil into its products. All of them are manufactured locally, in small batches with high-quality, healthy, natural ingredients.

Far more than a simple cosmetic care product, emu oil has been shown to provide numerous benefits. Recent research into emu oil has concluded that it has properties that can reduce the appearance of wrinkles and promote skin elasticity. When combined with the various active natural ingredients in our products, emu oil amplifies their effectiveness.

Emu Dundee is proud to be able to offer you such high performance products.

# 100% pure EMU OIL

Unequaled versatility

The **medicinal and cosmetic** power of Emu Dundee emu oil is unequaled. It is one of the rare oils that is **quickly absorbed** by every layer of our skin -- **epidermis, dermis and hypodermis** – leaving no greasy residue.

Emu oil is **anti-inflammatory, anti-aging, hydrating, lubricating, healing and anti-bacterial**.

Emu oil is so **versatile** that it can be used on all skin types and by every member of your **family**, even babies, **from head to foot**. Some of its numerous uses are: **soothe** dry or damaged skin, **prevent** pregnancy stretch marks, improve **animal** joints and fur. It can also be used as a **natural lubricant**, or even ingested for its omega content. Actually, emu oil is naturally rich in **omega 3, 6, 7 and 9**, which are used to regenerate skin, soothe inflammatory reactions and accelerate the healing process.

# Our other ingredients

Emu Dundee is proud to select only the finest ingredients for its products.

**Hyaluronic acid:** An ally against aging. Found naturally in the skin, hyaluronic acid stimulates cell renewal and stops cells from deteriorating. It moistens the top layer of skin and fills creases and wrinkles to preserve the face's suppleness and natural radiance.  
*Hyaluronic acid is an ingredient in our lip balm and Vitali + day cream.*

**Allantoin:** allantoin is an active soothing and repairing agent found in the roots of the comfrey plant. The plant itself is known for its regenerative and healing properties. It ensures good skin hydration and helps to eliminate dead skin, leaving your skin soft and supple.  
*Allantoin is an ingredient in Eczemeu, Refreshing Milk, hand cream and in tattoo ointment.*

**Aloe Vera:** An indispensable ingredient, well-known for its healing and anti-inflammatory properties. Our aloe vera is certified organic and fair trade.  
*Aloe Vera is the main ingredient in our refreshing milk.*

**Arnica:** Gathered wild, arnica is recommended for soothing bruises, sprains and muscle and joint pain.  
*Arnica is an ingredient in Flexo Pro, dry oil and massage oil.*

**Colloidal oatmeal:** Colloidal oatmeal is more and more widely used as a natural means of relieving itching and soothing minor skin irritations such as acne and insect bites. As well, it softens sensitive skin.  
*Colloidal oatmeal is found in our line of baby care products as well as in our body cream and shower gel.*

**Shea butter:** We source our shea butter from organic and fair trade agriculture. It protects, softens and restructures damaged skin and improves elasticity as well as providing in-depth moisturizing and nourishment to skin that is subject to harsh weather such as sun and cold.  
*Shea butter is an ingredient in our body cream and lip balm.*

**Bisabolol:** Bisabolol is a chamomile extract that has active soothing and anti-inflammatory properties. As well, it is anti-bacterial and aids in healing, making it ideal for sensitive or irritated skin.

*Bisabolol is an ingredient in tattoo ointment, refreshing milk and lip balm*

**Meadowfoam seed oil:** Composed of more than 90% essential fatty acids, meadowfoam seed oil is recognized for its exceptional stability which gives your skin an incomparable feeling of moisturizing. The oil leaves no greasy residue and is ideal for mature and dry skin.

*Meadowfoam seed oil is an ingredient in dry oil and massage oil*

**Calendula:** Obtained by distilling marigold flowers, calendula is ideal for delicate skin prone to itching. Its calming and soothing properties and its anti-inflammatory action can be felt as soon as it is applied.

*Calendula is an ingredient in our line of baby-care products and in Eczemu*

**Jojoba Esters:** Jojoba prevents dehydration and slows water evaporation from the skin, thus helping it to remain soft and smooth. With strong emulsifying properties, it can also act as a natural exfoliator (scrub) to improve skin condition

*Jojoba esters are found in most of our products*

**Vitamin E:** Often called the “youth” or “beauty” vitamin. Rich in antioxidants, it enables you to effectively combat aging by stopping cell deterioration. This helps the epidermis stay supple and soft

*Vitamin E is found in most of our products*

# Facial care

To enhance your beauty

### **Vitali + Hydraluronic acid and vitamin C**

A day cream to plump your wrinkles and fine lines, revitalize your complexion and protect you from external environmental aggressors that can cause brown spots. With a rich texture, the cream quickly penetrates the skin leaving it with no greasy feeling.

### **JB JB Anti-aging night cream with antioxidants**

Makethenightworkforyouandmoisturize your skin with Jeunesse Beauté. Its rich formula with **mango butter and carob seed** extract regenerates the skin tissues' natural reparative process as it nourishes and protects your skin. Its antioxidants ensure that you're headed for firmer, more elastic, younger-looking skin and a radiant complexion.

### **Contour des yeux Anti aging care**

The eyes are the mirror of the soul and this eye contour cream, formulated with **white lupin, alfalfa and soy fiber** will enhance them. Under-eye circles and crow's feet will diminish and the delicate skin around your eyes will be toned and firmed up.

### **Alys 3-in-1 (Day, night and eye contour)**

Whether it's to make your life easier, to take with you when you travel, or to offer as a gift, Alys is a versatile high-performance cream that reverses signs of aging. This **soy and fig-based** cream increases collagen production leaving your skin firmer, more toned, supple and moisturized. It slows the appearance of wrinkles, brown spots and blemishes. You can't miss, with Alys.

### **Couperose Combats redness**

Do you suffer from redness? This cream is designed especially for you. Formulated using high-performance active natural ingredients such as **witch-hazel and centella asiatica**, Couperose activates blood microcirculation and fosters cell renewal thus reducing redness.

# Emu Dundee Body Care

## For body wellness

### Massage oil *Calms and smoothes*

Formulated with **arnica and meadowfoam seed oil**, our massage oil enables your whole body to take advantage of the benefits of emu oil. It will leave your skin feeling moisturized, softer and soothed. Take it with you the next time you have a professional massage.

### Refreshing Milk *for Face and body*

A feeling of freshness will flood over you as soon as you apply Refreshing Milk. A versatile **aloe vera** based health-care product that eliminates the burning sensation that often follows your bath, shower, pool, spa, hair removal, shaving or exposure to sun. It can even be applied to oily or acne-prone skin.

### Hand cream *Protects and soothes*

No more chapping, cracking or dryness. A nourishing and restorative product for dry and chapped hands which blends the benefits of **allantoin and apple, watermelon and lentil extracts** in order to protect skin from the damage caused by cold or disinfectant.

## Deodorant 100% natural

A natural deodorant that really works! Provide your armpits with comfort and protection from odor and perspiration. Formulated without aluminum or parabens, with 95% organic ingredients, it suits sensitive skin. Available in three scents: mint/lavender, rosemary, spruce

## Dry oil Moisturizes and soothes

Dry oil for your body is a mixture of rapid-penetrating oils that leaves the skin soft and silky without a greasy film. It is made from jojoba oil, meadow foam seed and arnica. Beneficial in cases of peeling, irritation or itching, it leaves a silky finish without blocking the pores.

# Lip balm

**Moisturizes and soothes**

Nothing on the market compares to our famous lip balm. For nearly 20 years it has been sold in all major pharmacies and in many department stores.

It is specially designed to nourish and moisturize chapped or damaged lips. Enriched with ***shea butter*** and ***hyaluronic acid***, our balm helps prevent dryness caused by sun or cold.

Because of the inherent properties of emu oil, Emu Dundee lip balm plumps and smoothes the skin on your lips and even reduces the appearance of wrinkles and fine lines.

From the moment you apply it, it will produce a pleasant and satisfying sensation and will soon become an indispensable part of your life.

# Sanitizing gel

## Hand Moisturizer

### 2 en 1

Tired of having dry and irritated hands? Our sanitizing gel is more than an antiseptic. It's also a moisturizer thanks to the power of emu oil! The only one on the market that softens your hands after use. With its scent of fresh mint, it is not sticky, penetrates quickly and suits sensitive skin.

***Contains pharmaceutical grade alcohol***

**Available in 1 oz, 2 oz, 8.8 oz, 33.8 oz and 133 oz formats**

Approved by Health Canada

# Tattoo care products

Keep them looking better longer

## **Tattoo ointment *Heals and protects colors***

Our renowned tattoo ointment contains natural ingredients - among them ***bisabolol and Vitamin E*** - that have soothing and healing properties. They calm burning sensations after the tattooing process and promote quick healing and color retention.

## **Tattoo oil *Moisturizes and heals***

Our tattoo oil provides in-depth moisturizing to all three layers of your skin: ***epidermis, dermis and hypodermis***. This contributes to rapid healing of the skin that has been punctured by the tattoo needle. As well as calming the burning sensations, our oil soothes and softens the tattooed skin.

# Cleansing care products

Time to wash up. All the best!

## Shower gel *Treats and cleanses*

Far more than a simple soap! Our shower gel, enriched with **wheat protein** relieves itching caused by dry skin and reduces minor skin irritations caused by rash, eczema, poison ivy and insect bites.

**Paraben and silicone free. No artificial colors.**

## Soap bars

Try just one, and you'll be delighted!

Cleanse your whole body gently with our moisturizing and nourishing soaps. Soft, velvety-smooth skin will be yours.

Available in 4 versions : emu, emu and olive oil, emu and sheep's milk, emu and marine algae.

## Cleansing exfoliator *Body and Face*

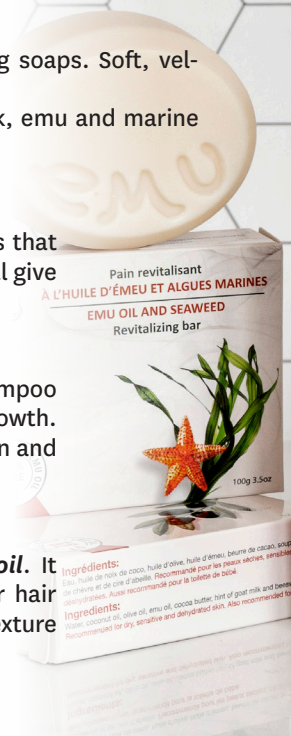

Let your skin breathe again by getting rid of toxins and the dead cells that clog your pores. Our exfoliator is formulated with **volcanic rock** and will give you skin that feels soft, refreshed and alive.

## Treatment Shampoo

Enriched with Provitamin **B5** and **jojoba esters**, our treatment shampoo protects your hair from dryness, adds volume and stimulates hair growth. It relieves symptoms associated with dandruff such as itching, irritation and redness.

## Conditioner *Moisturizes and revitalizes*

Our conditioner is composed of **amino acids** and **fortified jojoba oil**. It moisturizes and softens the capillary fiber. As well, it nourishes your hair right down to the roots, without any oily after-feel, giving it a silky texture and a new sheen.

# Body cream

This rich, greaseless cream formulated with ***Colloidal oatmeal, shea butter and jojoba esters*** provides in-depth moisturizing for your skin while still functioning as a natural protective barrier. Its added ***apple and watermelon extracts*** give you a feeling of freshness as soon as it is applied. Your whole family will love it. Incomparable moisturizing for dry and sensitive skin

20

# Baby care

Because emu oil is totally gentle...

## ZINC CREAM

You just can't compare our zinc cream to the major brands.

Not only is it emu-oil based, it also contains natural ***Calendula (marigold) extract*** along with ***shea butter*** and ***colloidal oatmeal*** that help soothe dry skin while providing in-depth moisturizing to your baby's sensitive skin.

## BABY EMU OIL

Our 100% pure emu oil is so gentle that it's the ideal baby-care product. It can be used from head to foot to relieve minor discomforts like irritation and itching. Because of its regenerative and soothing properties, emu oil will relieve, protect and moisturize your baby's skin

## SUPERFATTED SOAPS MANDARIN AND LAVANDIN

Our superfatted soap has been especially formulated for the sensitive skins of babies and young children. It cleanses and moisturizes without being harsh to the skin.

## BODY AND HAIR WASH

Your child will appreciate the simplicity of this 2-in-1 shower gel that cleanses both body and hair. It contains ***colloidal oatmeal*** that helps hydrate and soothe dry, sensitive and irritated skin as well as the scalp.

## MOISTURIZER

This body moisturizer stands out from all others because it is composed of natural, high-quality ingredients you can depend on such as ***calendula and fig extract***. It is nourishing, hypoallergenic and emollient, keeping the skin soft while providing gentle protection and strengthening the skin barrier.

# Specialty products

## **Eczémeu**

### ***Anti-itching for eczema***

Our formula, enriched with emu oil, colloidal oatmeal and calendula protects and helps relieve inflammation, itching and minor skin irritation brought on by rash, eczema, poison ivy, insect bites and burns.

## **Flexo Pro**

### ***Muscle and joint pain***

Made from a variety of essential oils such as ***arnica, Scotch pine and balsam fir***, Flexo Pro is 100% natural and contributes to efficient pain relief (backache, bruises, arthritis, sprains). You can also apply it to your chest to soothe colds and coughs.

## **Sun-care products**

Our sun-care products are water-resistant and do not contain chemical filters. Their natural filter, ***titanium dioxide***, is effective as a UVA and UVB ray blocker as soon as applied. They help prevent sunburn and provide SPF 15 broad spectrum protection. Ideal for summertime use, but also recommended for winter sports such as skiing.

## **Lip balm for sun**

A single application is enough to nourish, moisturize and soften your lips.

## **Face balm for sun**

This balm prevents premature skin aging and combines well with our other facial care products. It can be applied by itself or after our day creams to provide additional sun protection.

# Gélule Santé

Emu Dundee's cosmetic product line is designed to improve your outer self: your skin will thank you. Our **Gélule Santé**, on the other hand, makes things better inside your body.

Actually, our emu oil is of such high quality that it can also be taken internally. Gélule Santé is a major source of natural fatty acids including **omega 3, 6, 7 and 9** that are useful for maintaining good overall health, including skin, hair, nails and eyelashes.

Each gel cap contains three ingredients: **emu oil, krill oil and black cohosh**. Black cohosh is the root of a plant that has been used for centuries in indigenous communities for pain relief including symptoms of menopause

**Approved by Health Canada (NPN: 80073850) for the following uses:**

- Helps relieve **muscle and joint pain** related to **rheumatoid** conditions (such as **arthrosis or fibromyalgia**) and pain related to neuralgia (such as sciatica)
- Helps alleviate pain associated with **premenstrual symptoms and menstruation**
- Helps to relieve **symptoms of menopause** and relieve nervous tension (sedative)
